The Department of Otorhinolaryngology – Head and Neck Surgery at Rush University Medical Center is pleased to announce a national educational conference titled Rush Update in Otolaryngology 2017. This will be a comprehensive 2-day program that is dedicated to the study of contemporary issues in ear, nose, throat, head and neck disorders. The course will take place from May 12-13th, 2017 in the Searle Conference Center on the Rush campus in Chicago.

Practicing physician participants have requested this type of continuing medical education activity to provide for a method of assimilating new medical knowledge into individual practices, to offer a forum to share and validate current practice standards and to incorporate new strategies in the management of the patient with ear, nose, and throat disorders in a very much evolving field.
