COURSE OVERVIEW

The Department of Otorhinolaryngology – Head and Neck Surgery at Rush University Medical Center is pleased to announce a national educational conference titled Rush Update in Otolaryngology 2018. This will be a comprehensive 2-day program that is dedicated to the study of contemporary issues in ear, nose, throat, head and neck disorders. The course will take place from May 18-19th, 2018 in the Searle Conference Center on the Rush campus in Chicago.

Practicing physician participants have requested this type of continuing medical education activity to provide for a method of assimilating new medical knowledge into individual practices, to offer a forum to share and validate current practice standards and to incorporate new strategies in the management of the patient with ear, nose, and throat disorders in a very much evolving field.

OBJECTIVES

AT THE CONCLUSION OF THE MEETING, ATTENDEES SHOULD BE ABLE TO:

- › Describe the current management of laryngopharyngeal reflux
- › Identify the etiologies and management strategies for globus
- › Review the treatment paradigm for vocal fold paralysis
- › Discuss treatment of recurrent sinonasal polyposis
- › Discuss the timing and extent of endoscopic sinus surgery for chronic sinusitis
- › Describe the surgical management options for frontal sinus disease
- › Review work up of patients who have failed sinus surgery
- › Discuss the management of complications during sinus surgery
- › Discuss coding updates in rhinology
- › Evaluate sleep apnea management techniques
- › Review management of chronic cough in children
- › Describe new treatment options for facial reanimation
- › Interpret evidence regarding non-surgical methods of facial rejuvenation
- › Describe surgical management of parotid neoplasms
- › Evaluate neck masses in adults using clinical practice guidelines
- › Evaluate evidence-based treatment of thyroid cancer
- › Diagnose and manage superior canal dehiscence
- › Describe current trends in tinnitus treatment
- › Discuss management of Meniere's disease
